

RazMaTeazMe Ice Tea

Mark Blaakman of True Colors

1 tall glass of freshly brewed iced tea, over ice, with room for

1 shot of Chambord Raspberry Liqueur (use more if your name is Jon)

That's it. Stir well & enjoy!

I tend to favor on hot days when beer is too filling and heavier booze has no appeal either. Initially I get crazy looks but once people think about it they realize it goes together well.
